OKASTO

Pages by group and status

GROUP	BUILT	LAUNCH	PHASE 2	TOTAL
Core หน้าหลัก	6	0	0	**6**
Booking funnel ขั้นตอนจอง	5	1	0	**6**
SEO landing หน้าดึงคนจาก Google	0	8	2	**10**
Support ช่วยเหลือ	2	2	0	**4**
Trust & Legal ความน่าเชื่อถือ/กฎหมาย	4	1	3	**8**
Partner / B2B พาร์ทเนอร์/องค์กร	3	0	4	**7**
Back office หลังบ้าน	1	0	3	**4**
All pages	**21**	**12**	**12**	**45**

Levels: L0 1 · L1 21 · L2 22 · L3 1 (route template, 6 routes at launch). “Built” = exists in the current build, many as sections of the one-page Home; the plan gives them their own URLs.

Status meaning

- Built exists in the current build (some need their own URL)
- Launch must be ready before go-live
- Phase 2 after launch, when data / partners / backend are ready

On every page

- Header: Routes & Prices · Fleet · Charter · Service info · Help · **Book & Pay** button
- Footer: About · Contact · Booking policy · Terms · Privacy · Partners · “Also available on” partner names (grey text)
- Language switch TH / EN / 中文
- Floating LINE / WhatsApp for questions only — never for booking or payment
- Mobile: sticky “Book & Pay” bar

URL and SEO rules

- One URL per language: `/en/…` · `/th/…` · `/zh/…` with hreflang + x-default
- Short English slugs, e.g. `/en/transfer/bkk-to-pattaya`
- Booking, manage, draft legal and admin pages: **noindex**
- Partner booking links (`/p/<partnerId>`, booking-sent, monthly statement) are private: **noindex**, and must not be listed per partner in sitemap.xml
- Schema: Organization, FAQPage on FAQ/landing pages; XML sitemap + robots.txt
- Every landing page has its own prefilled booking widget

Payment

- Online only via Beam (card · PromptPay · mobile banking · e-wallet as enabled). No cash, no manual transfer.

Core หน้าหลัก

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Home · หน้าแรก / L0 · Built · Today: index.html	**Get a price and start booking within the first screen, then build trust.** • Hero: soft airport photo under white/sky veil, navy headline, 3 key points (name-sign meet & greet · free waiting on arrivals · per-vehicle price incl. tolls & fuel) • Search widget overlapping the hero: pickup → drop-off · date/time · passengers · bags · child seats → prices for 6 vehicle classes • Trust strip: Since 2024 · 200+ vehicles · 'Also available on' Klook, Mozio, Talixo, Drivado, Bookaway, Traveltip, WAUG (grey text, no logos) • Popular routes cards → SEO route pages · Fleet teaser → Fleet · How it works (3 steps) · FAQ teaser → Help centre • Reviews block stays hidden until real, permissioned reviews exist	Get prices → Book & Pay	index
Routes & Prices · เส้นทางและราคา /routes-prices L1 · Built · Today: Home #routes	**Transparent fixed prices; the price-research page for planners.** • Price table by airport (BKK, DMK, HKT, UTP) × destination zone × vehicle class • Filter by airport / city · 'Book this route' prefills the widget • Note: prices per vehicle, incl. tolls & fuel	Book this route	index
Fleet · ประเภทรถ /fleet L1 · Built · Today: Home #fleet	**Help guests choose the right vehicle for their group and luggage.** • 6 classes with seats, bag capacity, sample models, interior/boot photos • Compare table · 'Which car fits us?' helper • Real photos replace AI placeholders before launch	Get prices	index
Luggage guide · คู่มือขนาดกระเป๋า /fleet/luggage L2 · Built · Today: Home #luggage-size	**Prevent wrong-size bookings.** • Bag size illustrations (cabin / medium / large) • Capacity per vehicle class • Oversized items: surfboard, golf bag, bicycle, wheelchair → note in booking	Choose vehicle	index
Hourly charter · เช่ารถพร้อมคนขับรายชั่วโมง /charter L1 · Built · Today: Home #charter	**Second service line: hourly hire with driver.** • Hourly rates per class · minimum hours • Inclusions/exclusions (overtime, overnight, tolls/parking TBC) • Example uses: city day, shopping, meetings	Book hourly	index
Service info · ข้อมูลบริการ /service-info L1 · Built · Today: Home #info	**Explain exactly what the guest gets.** • Meet & greet with name sign · flight monitoring · free waiting time (arrivals) • Child seats · extra stops (rules TBC) • Booking confirmed by email · pay online via Beam only, no cash	Get prices	index

Booking funnel ขั้นตอนจอง

OKASTO

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
1 · Search & quote · ค้นหาและดูราคา `/ (widget) · /book` L1 · ● Built · Today: Home widget	**Turn intent into a price in one step.** • Fields: pickup, drop-off (airport/hotel/address), date & time, passengers, bags, child seats • Return trip toggle • Instant fixed prices from prices.json	See vehicles	—
2 · Choose vehicle · เลือกรถ `/book/vehicle` L2 · ● Built · noindex · Today: price result	**Pick the vehicle with confidence.** • Vehicle cards: price, seats, bags, photo • Recommended badge when the group fits • Free cancellation ≥24 h shown next to price	Continue	noindex
3 · Details & review · กรอกข้อมูลและตรวจสอบ `/booking` L2 · ● Built · noindex · Today: checkout step 1	**Collect what the driver needs; review before paying.** • Lead passenger: name, phone (WhatsApp/LINE optional), email • Flight number (enables flight tracking) · notes · extras • Price summary · checkbox linking Terms & Privacy	Continue to payment	noindex
4 · Pay with Beam · ชำระเงินผ่าน Beam `/booking/payment` L2 · ● Built · noindex · Today: checkout step 2	**Secure, trusted payment.** • Beam-hosted payment (card, PromptPay QR, mobile banking, e-wallet as enabled) • Lock icon + 'Secure payment via Beam' · total in THB • No cash, no manual transfer	Pay now	noindex
5 · Confirmation · จองสำเร็จ `/booking/confirmed` L2 · ● Built · noindex · Today: checkout step 3	**Reassure and set expectations.** • Booking reference + summary • Next steps: confirmation email, meeting point, driver contact before pickup • Links: Manage booking · Meeting points	Manage booking	noindex
Payment failed · retry · ชำระไม่สำเร็จ `/booking/payment-failed` L2 · ● Launch · noindex	**Recover failed payments instead of losing the booking.** • Friendly error + likely reason • Retry with same trip details • Help link (email / chat for questions)	Try again	noindex

SEO landing หน้าดึงคนจาก Google

OKASTO

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Airport transfers hub · รวมบริการรับส่งสนามบิน `/airport-transfers` L1 · Launch	**SEO hub that links all landing pages (like Welcome Pickups' destination list).** • Airports and cities served with 'from' prices • Short intro per area · map (optional) • Links to all airport, city and route pages	Get prices	index
Suvarnabhumi (BKK) · สุวรรณภูมิ `/suvarnabhumi-airport-transfer` L2 · Launch	**Rank for BKK transfer searches.** • H1 '<Airport> airport transfer' + prefilled widget • Most-booked destinations with fixed prices (Kiwitaxi-style table) • Meeting point + photo · typical travel times (TBC) · 6–8 airport FAQs (FAQPage schema) • 300–500 words unique copy × 3 languages	Book from BKK	index
Don Mueang (DMK) · ดอนเมือง `/don-mueang-airport-transfer` L2 · Launch	**Rank for DMK transfer searches.** • *Same template as Suvarnabhumi (BKK) (own copy, prices, FAQ)*	Book from DMK	index
Phuket (HKT) · ภูเก็ต `/phuket-airport-transfer` L2 · Launch	**Rank for HKT transfer searches.** • *Same template as Suvarnabhumi (BKK) (own copy, prices, FAQ)*	Book from HKT	index
U-Tapao (UTP) · อู่ตะเภา `/u-tapao-airport-transfer` L2 · Phase 2	**Rank for UTP searches once volume justifies it.** • *Same template as Suvarnabhumi (BKK) (own copy, prices, FAQ)*	Book from UTP	index
Bangkok · กรุงเทพฯ `/bangkok-transfer` L2 · Launch	**City-intent searches (e.g. 'Bangkok private transfer').** • Areas/zones in the city and which airport to use • Price table from each airport • Local tips (traffic, hotel drop-off) · city FAQ	Get prices	index
Pattaya · พัทยา `/pattaya-transfer` L2 · Launch	**Capture 'Bangkok airport to Pattaya' demand.** • *Same template as Bangkok (own copy, prices, FAQ)*	Get prices	index
Phuket · ภูเก็ต `/phuket-transfer` L2 · Launch	**Phuket beach-area searches.** • *Same template as Bangkok (own copy, prices, FAQ)*	Get prices	index

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Hua Hin · หัวหิน `/hua-hin-transfer` L2 · Phase 2	**Long-distance route demand from Bangkok.** • *Same template as Bangkok (own copy, prices, FAQ)*	Get prices	index
Route pages (template) · หน้าเส้นทาง A → B `/transfer/{from}-to-{to}` L3 · ● Launch	**Win high-intent 'A to B' searches; generated from prices.json.** • Route H1 + fixed price per vehicle class • Distance & travel time (TBC) · what's included · meeting point • Prefilled widget · related routes · route FAQ • Launch with the top 6 routes; add more from booking data in Phase 2	Book this route	index

Support ช่วยเหลือ

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Help centre & FAQ · ศูนย์ช่วยเหลือ / FAQ `/help` L1 · Built · Today: Home #faq	**Answer questions before they become chats.** • Today: 12 FAQs in TH/EN/ZH (meeting point, delays, inclusions, payment, cancellation, child seats, per car, bags, oversized items, stops, waiting, who is OKASTO) • Phase 2: searchable categories + article pages • FAQPage schema	Book & Pay	index
Manage booking · จัดการการจอง `/manage` L1 · Launch · noindex	**Self-service after booking (every benchmark has it).** • Lookup: booking reference + email • Launch (lite): view summary + change/cancel request sent by email; Phase 2: real self-service with backend • Policy reminder: free cancellation ≥24 h · refund via Beam to original method (timing TBC) • Download receipt	Find my booking	noindex
Meeting points · จุดนัดพบ `/help/meeting-points` L2 · Launch	**Reduce no-shows and arrival-day stress.** • BKK, DMK, HKT (UTP later): exact spot per terminal + photo (TBC) • Name-sign meet & greet explanation • If you can't find the driver: who to contact	Manage booking	index
Contact · ติดต่อเรา `/contact` L1 · Built · Today: contact.html	**All channels in one place; booking stays in Book & Pay.** • Channel cards: LINE, WhatsApp, phone, email (numbers not shown in this document) • Note: chat is for questions; bookings go through Book & Pay • Office address + map link	Book & Pay	index

Trust & Legal ความน่าเชื่อถือ/กฎหมาย

OKASTO

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
About OKASTO · เกี่ยวกับเรา `/about` L1 · Built · Today: about.html	**Prove we are a real, established company using confirmed facts only.** • Who we are: founded 19 Jan 2024 (Okasto Co., Ltd.) · 200+ vehicles • Service areas · what's included · vehicle table • 'Also available on' partners as grey wordmarks (no logos, no endorsement claim) • Company details (Thai name & registration no. TBC)	Get prices	index
Safety & service standards · มาตรฐานความปลอดภัย `/about/standards` L2 · Phase 2	**Answer 'is it safe?' with evidence.** • Driver screening & training (TBC) • Vehicle age, maintenance, insurance (TBC) • Only publish what OKASTO can prove	Get prices	index
Reviews · รีวิว `/reviews` L2 · Phase 2	**Social proof without invented content.** • Real reviews with name/country/rating and permission • Optional: link to partner-platform ratings if allowed • Hidden until real reviews exist	Get prices	index
Booking & cancellation policy · นโยบายการจองและยกเลิก `/booking-policy` L1 · Built · Today: Home #info	**Clear rules before payment.** • Free cancellation up to 24 h before pickup • Waiting time & no-show rules • Changes, refunds via Beam (timing TBC)	Book & Pay	index
Terms & Conditions · ข้อกำหนดและเงื่อนไข `/terms` L1 · Built · Draft · noindex · Today: terms.html	**Required by payment gateway; protects both sides.** • 12 sections drafted in TH/EN/ZH • Yellow 'draft' banner until lawyer-approved • Linked from footer + checkout agree box	—	noindex (draft)
Privacy Policy (PDPA) · นโยบายความเป็นส่วนตัว `/privacy` L1 · Built · Draft · noindex · Today: privacy.html	**PDPA compliance.** • 10 sections drafted in TH/EN/ZH • Data collected, purposes, sharing (Beam, drivers, partners), rights • DPO / retention / transfers TBC	—	noindex (draft)
Cookie notice · นโยบายคุกกี้ `/cookies` L2 · Phase 2	**PDPA-compliant tracking.** • Cookie list, purposes and consent banner settings	—	index
404 page · ไม่พบหน้า `/404` L1 · Launch · noindex	**Never a dead end.** • Friendly message + mini search widget + links to Home, Help, Contact	Get prices	noindex

Partner / B2B พาร์ทเนอร์/องค์กร

OKASTO

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Partners & travel agents · พาร์ทเนอร์ / เอเจนต์ `/partners` L1 Phase 2	**One door for travel agencies, OTAs and resellers.** • 'Also available on' list (text only, wording 'partners' / 'available on') • Benefits for agencies (TBC by OKASTO) · enquiry form → email • Integration options on request (booking link, widget, API) — Mozio/Kiwitaxi pattern	Become a partner	index
Corporate travel · ลูกค้าองค์กร `/partners/business` L2 Phase 2	**Recurring revenue from companies.** • Use cases: staff, visitors, events • Booking on behalf of guests • Payment online via Beam; receipt/tax-invoice process TBC	Contact sales	index
Hotels & concierge · โรงแรม / คอนเซียร์จ `/partners/hotels` L2 Phase 2	**Hotels as a steady referral channel.** • Guest transfer flow for concierge • Bulk/recurring quote request • Optional referral link	Enquire	index
Partner booking link · ลิงก์จองพาร์ทเนอร์ `/p/<partnerId>` L1 ● Built noindex Today: p/<partnerId>/index.html	**Let a partner without a booking platform book at their own contract rates.** • Partner name, type badge (Agency or Hotel) and partner ID. Demo preview strip. Example data only • Contract rate table by route and vehicle — each partner has different example rates • Booking form: route, vehicle (left-facing fleet photos), flight and time, passenger, partner reference • Payment option A — Book now, settle at month end (credit): no payment now; contract price goes on the monthly invoice. Shown only when creditEnabled, with an optional credit limit • Payment option B — Pay now via OKASTO payment (Beam), kickback at month end: public website price paid online; commission = public − contract, paid back at month end. Beam is a placeholder (no cash, no real charge) • Confirm is simulated in the browser and addressed to bookings@okasto.com — not a LINE notification • noindex. Do not list /p/<partnerId> (or each partner) in sitemap.xml	Confirm booking	noindex
Booking sent · ส่งการจองแล้ว `/p/<partnerId>/sent` L2 ● Built noindex Today: p/<partnerId>/sent.html	**Show the partner that the booking would be emailed to the OKASTO team.** • Booking reference and trip summary • Partner type (Agency / Hotel) and the chosen payment method • Kickback bookings also show the commission (public price − contract price) • Example inbox mock addressed to bookings@okasto.com — not LINE. Nothing is actually sent yet • noindex	New booking	noindex

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Monthly partner statement · ใบแจ้งยอดประจำเดือน `/p/<partnerId>/statement` L2 · Built · noindex Today: p/<partnerId>/statement.html	**Show what the partner would be invoiced and what commission is due.** • List of the month's bookings with route, vehicle, payment method and amounts • Total owed: contract price of credit bookings (month-end invoice) • Total kickback due: commission on Beam-paid bookings • Per partner, example figures, noindex. Not listed per partner in sitemap.xml	New booking	noindex
Drive with OKASTO · ร่วมเป็นคนขับ / พาร์ทเนอร์รถ `/drive-with-us` L1 · Phase 2	**Grow supply (Welcome Pickups / Blacklane / GetTransfer all have this).** • Requirements: licence, vehicle age/type, insurance (TBC) • How it works: get jobs in advance, payment terms (TBC) • Application form → email (no backend at first)	Apply	index

Back office หลังบ้าน

OKASTO

PAGE	PURPOSE · KEY CONTENT	MAIN CTA	INDEX
Price editor · แก้ไขราคา `/admin` L1 · ● Built · noindex · Today: admin.html	**Keep prices current without a developer.** • Edit price per route × vehicle class • Export/import prices.json	Save	noindex · no links
Bookings & payments · รายการจอง/การชำระ `/admin/bookings` L1 · Phase 2 · noindex	**One view of every booking.** • Bookings with status • Beam payment state + refunds • Export CSV	—	noindex · no links
Dispatch & drivers · จัดคนขับ `/admin/dispatch` L1 · Phase 2 · noindex	**Operations.** • Assign driver/vehicle • Daily run sheet • Driver contact sent to guest	—	noindex · no links
Unified inbox · กล่องข้อความรวม `/admin/inbox` L1 · Phase 2 · noindex	**Faster replies to questions.** • Merge LINE, WhatsApp, email • Link chat to booking ref	—	noindex · no links

User journeys เส้นทางผู้ใช้หลัก

OKASTO

J1 Book & Pay (main path)
จองและชำระเงิน

Home / landing page → Search & quote → Choose vehicle → Details & review → Pay with Beam → Confirmation + email

If payment fails → Payment failed · retry (keeps trip details)

J2 Manage booking
จัดการการจอง

Confirmation email → Manage booking (ref + email) → View · change · cancel → Policy check: free ≥24 h → Refund via Beam

Launch: change/cancel request by email · Phase 2: full self-service

J3 Search engine → booking
จาก Google สู่การจอง

Google: 'BKK to Pattaya transfer' → Route / airport page → Prefilled widget → Choose vehicle → ... Pay → Confirmation

SEO pages carry their own prefilled widget, so the funnel stays 4 clicks

J4 Question before booking
มีคำถามก่อนจอง

Help centre / FAQ → LINE / WhatsApp (questions only) → Back to Book & Pay

Chat answers questions; bookings and payments always go through Book & Pay

J5 Arrival day
วันเดินทาง

Meeting points guide → Driver with name sign → Contact if needed

Flight tracking + free waiting on arrivals

J6 Partner / supply (Phase 2)
พาร์ทเนอร์ (เฟส 2)

Partners page → Enquiry form → email → Drive with OKASTO → apply

Enquiry forms send email only. The private booking link (J7) is a separate noindex demo, not this marketing page.

J7 Partner booking link (demo)
ลิงก์จองของพาร์ทเนอร์

Private link /p/<partnerId> → Credit or Beam kickback → Email to bookings@okasto.com → Monthly statement

Example data, simulated in the browser. noindex — do not list each partner in sitemap.xml. Backend, real email and Beam are still TODO.

Funnel target: price on the first screen, payment in 4 steps (search → vehicle → details → pay). Free cancellation ≥24 h shown at vehicle choice and review.

Benchmark: what we borrowed เรียนรู้จากเว็บชั้นนำ

OKASTO

SITE	WHAT THEY DO WELL	WHAT OKASTO TAKES	WHERE IN OUR SITEMAP
Klook `klook.com/airport-transfers`	Search box sitting on the hero; vehicle cards with seats & bags; meet & greet and flight-based pickup explained; free-cancellation shown with the price	Search widget on hero · vehicle cards · 'free cancellation ≥24 h' next to price · flight number in details step	Home · Choose vehicle · Details & review
Welcome Pickups `welcomepickups.com`	Destination hub listing every airport/port by city; manage, edit or cancel the trip; separate 'become a driver partner' page; partner help centre per segment (hotels, agencies)	Airport transfers hub · Manage booking · Drive with OKASTO · Help centre split by topic	Hub · Manage booking · Drive · Help
Blacklane `blacklane.com`	Clear service lines (airport · hourly · city-to-city); free waiting stated up front; dedicated Business and Travel-agency pages; chauffeur-company onboarding with documents	Service lines in nav (Transfers · Hourly charter) · waiting time stated on service & route pages · Corporate + Partners pages	Service info · Charter · Corporate · Partners
GetTransfer `gettransfer.com`	Request form captures pax, luggage, child seats, extras; clear FAQ on who does what; carrier sign-up page	Complete trip-details fields; plain-language 'who is responsible' in Help; supply sign-up. NOT copied: bidding marketplace — OKASTO keeps instant fixed prices	Search & quote · Help · Drive
Kiwitaxi `kiwitaxi.com`	Country → airport → route landing pages with 'most-booked routes' fixed-price tables, travel times, how-to-book and FAQs; B2B affiliate programme with widgets	Airport & route page template (price table + FAQ + prefilled widget) · Partners page with booking link/widget option. NOT copied: pay-driver-in-cash	Airport · City · Route pages · Partners
Mozio `mozio.com`	Business-partner page listing integration options (booking tool, white label, widget, API); corporate-travel and hotel pages with 4-step 'how it works'	Partners page structure + 'how it works' steps; integrations listed as 'on request' only	Partners · Corporate · Hotels

Deliberately not copied สิ่งที่ไม่นำมาใช้

- Driver bidding / marketplace pricing (GetTransfer) — OKASTO keeps instant fixed prices
- Pay the driver in cash (some Kiwitaxi regions) — OKASTO is online via Beam only
- Award badges, ratings and big numbers we cannot prove — only confirmed facts
- Mobile app, push notifications, loyalty points — not needed at this size
- Partner logos — names as grey text only until logo permission is given

Common patterns we follow รูปแบบที่ทุกเว็บมี

- Price before details; booking finished in a few steps
- One landing page per airport, city and popular route
- Manage booking without calling support
- Clear meeting point and waiting-time information
- Separate doors for business customers and for drivers / fleet partners

Sources reviewed Oct 2026: public pages of klook.com, welcomepickups.com, blacklane.com, gettransfer.com, kiwitaxi.com, mozio.com.

Roadmap by phase แผนงานตามเฟส

OKASTO

Phase 0 · Built มีแล้ว — 21

In the current build. Split Home sections into their own URLs; legal pages wait for lawyer review.

- Home
- Routes & Prices
- Fleet
- Luggage guide
- Hourly charter
- Service info
- 1 · Search & quote
- 2 · Choose vehicle
- 3 · Details & review
- 4 · Pay with Beam
- 5 · Confirmation
- Help centre & FAQ
- Contact
- About OKASTO
- Booking & cancellation policy
- Terms & Conditions
- Privacy Policy (PDPA)
- Partner booking link
- Booking sent
- Monthly partner statement
- Price editor

Phase 1 · Launch ก่อนเปิดเว็บ — 12

Needed to go live and rank: SEO landing pages, manage-booking lite, meeting points, failed-payment and 404.

- Payment failed · retry
- Airport transfers hub
- Suvarnabhumi (BKK)
- Don Mueang (DMK)
- Phuket (HKT)
- Bangkok
- Pattaya
- Phuket
- Route pages (template)
- Manage booking
- Meeting points
- 404 page

Phase 2 · Growth เฟส 2 — 12

After launch, when reviews, partner terms, a booking backend and more route data exist.

- U-Tapao (UTP)
- Hua Hin
- Safety & service standards
- Reviews
- Cookie notice
- Partners & travel agents
- Corporate travel
- Hotels & concierge
- Drive with OKASTO
- Bookings & payments
- Dispatch & drivers
- Unified inbox

Assumptions and open questions สมมติฐานและเรื่องที่ต้องยืนยัน

OKASTO

Assumptions

1. Home sections (Routes & Prices, Fleet, Luggage, Charter, Service info, FAQ) are proposed as their own URLs for SEO; the one-page Home keeps short teasers.
2. U-Tapao (UTP) and Hua Hin landing pages are Phase 2; prices already exist for UTP.
3. Manage booking is “lite” at launch (lookup + change/cancel request by email) because there is no booking backend yet.
4. Route pages are generated from prices.json; travel times and distances are TBC and must not be guessed.
5. Partner / B2B and driver-recruitment pages are proposals; commission, net rates and API need CEO decision. A demo private booking link (/p/<partnerId>) is in the build for Agency and Hotel (example data, noindex, not listed per partner in sitemap.xml). Backend, email sending and Beam are still TODO.
6. Corporate customers also pay online via Beam; tax-invoice process TBC.
7. Reviews and safety pages appear only with real, verifiable content.
8. Domain and final URL language prefix are TBC.

Decisions needed from the CEO

1. Approve launch scope (Phase 0 + Phase 1).
2. Confirm the top 6 launch routes.
3. Go / no-go for Partners, Corporate, Hotels and Drive-with-us pages.
4. Permission to show partner logos (until then: grey text).
5. Refund timing via Beam to state on the policy page.
6. Lawyer review date for Terms & Privacy.

Always true on the site

- Payment online via Beam only — no cash, no bank-transfer details.
- LINE / WhatsApp for questions only; booking through Book & Pay.
- Only confirmed facts: founded 19 Jan 2024 · 200+ vehicles · partner list.
- No secret keys in front-end code.
